GRAND MOSQUITO HUNT.

Chloroformed Specimens Are to Be Searched For Disease Germs.

Surgeon General Wyman of the marine hospital service is after the mosquito again, says a Washington special to the New York World. Specimens of all kinds will be collected in every section of the country and submitted to Dr. L. O. Howard, chief entomologist of the department of agriculture, who will carefully search them for disease germs.

Circulars asking co-operation and giving directions how to run down the mosquito were sent out broadcast from the treasury department recently. It is advised that after the mosquito has been caught he be chloroformed and sent in a pill box to Dr. Wyman, with full particulars as to the date of capture, the location, whether indoors or out, the elevation above the sea and many other details.

The New West Point.

The West Point of the future will be, in perfection of equipment, the equal of any military training school in the world, says Harper's Weekly. Congress has appropriated \$5,500,000 to be used in remodeling the buildings and grounds, and later it will be asked to make an additional appropriation of \$8,000,000 for the same purpose. Accommodations are to be provided for the housing, training and recreation of 1,200 cadets. Among the notable improvements will be the new academic building, new riding hall and new cadet barracks.

Are you about to build? If so see that your builder's contract has a clause providing that the structure shall be erected by union labor which will insure you of good work and a job completed without delay. Per order Union 481, Carpenters and Joiners of America. S. R. Doty, Sec.

SIR HERBERT AT THE HAGUE

Late British Ambassador's Novel Presentation to Holland's Queen.

The history of the late Sir Michael Henry Herbert, British ambassador to the United States, was not without its share of adventure, says the Philadelphia Press. Once, while in Holland, he was out walking near the royal country seat when he was startled by a furious beating of hoofs not far behind him. Looking around he saw a runaway horse attached to a heavy, old fashioned pleasure wagon. There was no one in the vehicle, and Mr. Herbert was debating with himself whether or not he should make an attempt to stop the plunging horse when all doubts of action were dispelled by the sudden appearance around a sharp corner of a young girl in white. She stood apparently fascinated by the runaway, which was bearing directly down upon her. Mr. Herbert made a leap for the horse's head. For awhile it was a question whether or not he would be able to hold the brute down, but it was only a moment. Then he had him well in hand and forced him to the other side of the road. The diplomat was just about to proceed when he noticed that the girl in white was still standing where he first observed her, but now there were several ladies with her. One of these approached and said in English:

"The princess begs that I convey her thanks and requests the gentleman's name."

"What princess?" said Mr. Herbert.

"The Princess Wilhelmina."

In violation of all court rules and etiquette a presentation was offered then and there, and the incident, it may well be imagined, did not make any more different Mr. Herbert's stay at The Hague.

Nuts Galore in Missouri.

Missouri is going to break another record this year with a bumper nut crop, says a Columbia special to the St. Louis Republic. There will be nuts to crack for every man, woman and child in the state. For several years the crop has been short, and as a consequence the quotation on the general market is close around \$2.50 per bushel mark. This season the hickory trees are loaded, and even the hazel bushes along the roadside are fairly clustered with nuts. The market price has not yet been established on hickory nuts, but the dealers predict a big trade after the first good frost, and it is believed that the shellbark varieties will start in at from 50 to 60 cents per bushel. The hazelnut crop will also be a bumper.

ALL ON FIRE.

A Barre Citizen Tells How Relief Came.

Ever have Eczema? Have any itching skin disease? Itching almost drives you crazy? You feel "all on fire." Doan's Ointment brings quick relief; Cures Eczema, Itching Piles, And all itches of the skin. Thomas Brady of the firm of Segel & Brady, residence 21 Summer Street, says: "I had an occasion to use Doan's Ointment in the winter of 1897 and I went to E. A. Brown's drug store for a box. It stopped eczema on my hands, which was very painful. Its usefulness did not stay there. Mrs. Brady had a sore on her arm and a few applications soon soothed the irritated parts so that they ceased to annoy her. Since then I have recommended Doan's Ointment to many, thoroughly believing that it acts as a representative, for during the five years which have elapsed since I first used it, it has not been necessary to resort to even a single application."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
